Sammy Surge Helps!

Amazon Festival

Founded in 1992, we are a 501 c 3 nonprofit organization that exists to share the gospel message in word and deed.

Our primary role in world missions is designing and implementing soccer projects for global ministry

- We focus on using the power of the world's most popular sport, soccer, to form strategic partnerships that will have a positive life changing effect on those we visit.
- With over sixty years of mission's experience, the leaders of Surge International seek out like minded partners and review requests from like-minded organizations in the USA and across the globe.
- The projects are designed to be multi-faceted and long term

Currently we have associates in Oregon, Georgia and Vienna; partners in ten countries, a co-operative network of sports ministers in 130 countries and an international network of partner evangelists through our membership in the Luis Palau Next Generation Alliance.

- **Out of the Box Thinkers**
We are not a "cookie cutter" ministry with a standard formula that fits in a box. We are soccer and mission specialists who analyze a need and/or a request then design a strategy to meet that need.
- **Social Media, Website, Mascot**
We are developing our internet ministry as part of a long term strategy to reach people all over the world with the good news of Jesus Christ: website, Facebook, YouTube and LinkedIn. And our loveable mascot Sammy Surge is helping to reach the young and young at heart.
- **Who Can Participate With Us?**
Anyone can participate that has a heart for ministry – soccer coaches and players are needed, but others who want to get involved in other aspects of missions can join as well.

Invite us to share our testimonies; and how God is working in the World!
