Dear Coach David Irby,

We are pleased to officially be working with Surge Soccer (USA) and Surge Soccer Liberia (both nonprofit organizations) for the development of football in Liberia. Your three trips to Liberia from the United States to train our top coaches has been profitable for the development of coaching education in our country.

We look forward to working with you and your Surge Soccer Liberia staff to develop football at all levels, from grassroots to the tops levels here in Liberia. Your experienced coaching in Africa over many years is invaluable to us.

Thank you for representing us in the United States.
For Better Football and a Better World.

Doco Wesseh
Technical Director
Liberia Football Association
